PERFORMING
ARTS

2017-2018

In the first academic year of AMPA we created three intensive, interesting and inspiring project weeks for our students:

Hardscore project week 30 October till 3 November

A selected group of jazz & classical AMPA students worked together with the Belgian band Hardscore. Other students followed lectures & concerts hosted by the band. [Video](#)

Contemporary Music Days (CMD) 5 till 9 February

Students worked with Harmen Fraanje, Asko|Schönberg, Fontys Dance Academy and performance group LeineRoebana. This week consists of workshops and concerts by our teachers and students. [Video](#)

New Horizons (NH) 28 May till 2 June

A selected group of students performed Creation du Monde by Milhaud together with the Academy of Circus and Performance Arts. They performed the piece in a concert together with other ensembles combined with visual arts by ArtCoDe students. Furthermore the great pianist Pressler was in Tilburg to give a concert, masterclass and interview. The rest of the project week consists of concerts by our students and teachers. For example the performance of Persephassa (Xenakis) by our percussion students in the courtyard.

In this academic year we also celebrated **FsT100**: 100 year celebration of Conservatory Tilburg. On 24 January we started this festive year with a concert in Theaters Tilburg with the Raschèr Saxophone Quartet. [Video](#)

For FsT100 we created a brochure ([download link - Dutch version](#)) to invite people to all our concerts and projects.

Side Projects

Cafe Culture: Every two weeks students could perform, have discussions and meet each other in het Cenakel. We hosted this project for one year as a try-out and decided to change it into the concert series Small Groups, Great Music.

Concerts & masterclasses

- 26-10-2017 Lunch concert Muziekgebouw Eindhoven
- 3-11-2017 Final presentation Hardscore

- 28-5-2018 Concert Temko & Klang
- 29-5-2018 Concert organ, trumpet and trombone
- 29-5-2018 Concert Menahem Pressler
- 30-5-2018 Concert Harmonium & Piano
- 30-5-2018 Concert Persephassa
- 30-5-2018 Masterclass Menahem Pressler
- 31-5-2018 Lecture DNA Ian Biscoe
- 31-5-2018 The Next Ensemble
- 1-6-2018 AMPA Jazz originals
- 1-6-2018 Visuals Scores & Creation du Monde
- 4-6-2018 Strings on Stage
- 7-6-2018 Lunchconcert Muziekgebouw Eindhoven
- 13-6-2018 Café Culture Het Cenakel
- 20-6-2018 Café Culture Het Cenakel
- 21-6-2018 Piano on Stage
- 27-6-2018 Café Culture Het Cenakel

2018-2019

We continued hosting three project weeks for our students. Furthermore we organised some more extensive side projects during the academic year.

November Music project week 2 till 11 November

We initiated a collaboration with the contemporary music festival November Music. Many of our alumni already performed at this festival in 's-Hertogenbosch. In this project week our students were part of this fantastic festival. They performed during the Bosch Requiem Route, the KunstMuziekRoute and in the student ensemble fc Jongbloed.

Contemporary Music Days 5 till 8 February

The second edition of the CMD is again a week full of inspiring projects. Classical students rehearsed De Stijl by Louis Andriessen, jazz students got inspired by Harmen Fraanje and Asko|Schönberg worked with some students and dancers on an interdisciplinary performance. This year AMPA hosted the FHK teachers event. We organised workshops about Digital Networked Arts (Ian Biscoe), Fontys Educational Design and Steam. [Video](#)

New Horizons 13 till 17 May

We hosted the Chamber Music Festival in this week. Students performed their chamber music and participated in workshops about stage presentations by Yardeen Roos. We hosted the Music & Research Festival that ended with a performance of DRIE by Serge Verstockt. The jazz students worked on their own compositions and recorded these works with students of Rockacademie.

Side projects

Footnote100: In fall 2018 we collaborated with Eelt Theatercollectief. Our second year students worked together with amateur musicians from Tilburg. With 100 musicians they gave an ode to the city of Tilburg. ([Look inside](#))

Die Schöpfung: AMPA vocal class in collaboration with Studio Biscoe (Ian Biscoe & 5 ArtCoDe students). Experimental visuals combined with the traditional opera Die Schöpfung by Haydn.

Small Groups, Great Music

A chamber music concert series for small ensembles. We hosted one in October and in November.

We created a brochure with the concert schedule in 2018-2019 ([download link - Dutch version](#))

Concerts & Masterclasses

This academic year we expanded our concert schedule with external concert locations, student concerts and masterclasses.

2019-2020

This academic year we created a program full of projects and concerts. Unfortunately in March, due to Covid-19, many projects were canceled.

November Music project week 1 till 10 November

Students attended concerts and workshops during the November Music festival. We also hosted stage technique workshops (audio, visual & lights) in the Muziekzaal at FHK. We hosted these workshop to help students to be independent creating their own lighting plan.

Contemporary Music Days 20 till 24 January

Classical students worked on Reflections on...Gilgamesh, a project together with Brabant Koor and philharmonie zuidnederland. Also, the Academie voor Muziekeducatie was part of this project. Jazz students worked together with Rembrandt Frerichs trio. Finally there were concerts and lectures by our students and teachers. [Video](#)

New Horizons 13 till 17 May

This project week was canceled due to Corona. The idea was to present interdisciplinary projects from students and hosting concerts with our string and vocal department.

Side projects

Nederlands Saxofoonfestival: This year from 6 till 15 January we hosted the second edition of Het Nederlands saxofoonfestival in January with a lot of masterclasses and concerts by amongst others: Lev Pupis, Felix Broede and Philippe Portejoie. [Video](#)

Toonbeeld: In collaboration with Museum De Pont we started a concert series with pieces by our composition students based on art pieces in the museum.

Fremdkörper

The original idea was to create a 24/7 event about Population Growth. A 24/7 event full of performances, lectures, dance area etc. Unfortunately due to Corona the event was canceled. Instead, Michael van Dijk (AMPA) and Sebastiaan Schoonen (ArtCoDe) performed Composition 1960 #7' combined video projections with works from other students. [Livestream](#)

16-1-2020	Piano on Stage		

Corona project until summer 2020:

16-4-2020 Fremdkörper livestream

2020-2021

In September we were allowed to open our doors again. The projects were online, offline or hybrid depending on the corona measures in the Netherlands.

Introduction week 31 August till 4 September

We decided to create a project week in the first week of the academic year. This first week consists of meet & greets, social activities, concerts and lectures for students and teachers.

The November Music project week was canceled due to Corona.

Contemporary Music Days 1 till 4 February

Classical students worked together with Aart Strootman on intonation and microtonality. Via works by James Tenney, Harry Partch, Lawrence Dunn and Aart Strootman the students were introduced to almost imperceptible intervals and unheard resonances. They followed online lectures about the subject and did home recordings of Music for a Large Open Space. Some ensemble pieces were recorded in the Muziekzaal and presented via a stream. The jazz students worked with Harmen Fraanje and had all their masterclasses online. The performances were postponed to the end of the academic year.

New Horizons 17 till 22 May

Already in March it became clear that also this project week couldn't go on live. Therefore, smaller projects were set up together with livestreams:

- [Vocal class with Bach pieces](#)
- [String Project with Jolente De Maeyer](#)
- Project with composition and flute class: Connections
- AMPA jazz with Harmen Fraanje
- Project Demos Horn (metropole setting with performance at Jazz in Duke Town) - canceled

Side projects

An interdisciplinary concert at **Festival Circolo** in October (canceled)

La Piratesse

LaPiratesse & Claroscuro created a concert together with 19 students of AMPA (Fontys AMPA big ensemble). In the first part of the project they did a try out with no audience. In the next academic year the project upgraded towards a concert in de Concertzaal Tilburg. [Video](#)

3-6-2021	Percussion on Stage
9-6-2021	Lunch concert Willem Twee Toonzaal
10-6-2021	Lunch concert Muziekgebouw Eindhoven
27-6-2021	Guitar On Stage

The amount of projects got smaller in comparison to the previous academic years. Because of our collaboration with different concert halls we depended on their availability and because of the Corona measures, concert halls were closed*. Of course we were glad that we could create some concerts and projects inside school with livestreams.

*All concerts at Willem Twee Toonzaal, Muziekgebouw Eindhoven and AMPA meets de Kring from half December until the end of May were canceled.

2021-2022

Although we still had to deal with corona measures we created inspiring projects for our students in collaboration with the work field.

Introduction Week 30 August till 3 September

Since the previous year the introduction week was a success, we continued this concept in this academic year. Besides meet & greets and lectures we organised a festival at the end of the week. This festival, called Fresh from the Oven, was full of concerts and presentations of our alumni to inspire new students. [Video](#)

Contemporary Music Days 7 till 11 February

Our jazz students worked together with the amazing trio Mudita. They worked with a unique concept in which improvisation plays a key role. A selected group of classical students rehearsed for the project Reflections on ...our time. They worked on Child of our Time by Tippet. Furthermore, IEKS Companie presented the music theatre production De Grens and we had our 3th edition of Upbeats and Grace notes, where composition students presented their works in a lunch concert.

New Horizons April/May

April: The project **Reflections on ...our time**, a collaboration with Brabant Koor and Kamerata Zuid. Also, the Academie voor Muziekeducatie is part of this project. Our students are part of the orchestra in the concerts in Muziekgebouw Eindhoven and Concertzaal Tilburg, April 2022.

May: **Music Theatre project** for vocal student and composers. Directed by Peerke Malschaert and Daniel Cross. The jazz department works on own composition and will record them with Rockacademie students.

Two projects are postponed:

- A wind band from Murray State University (Kentucky, USA) will visit us in 2024 (instead of 2022)
- Haydn project with pianoforte and composition students is postponed to April 2023

Concerts & Masterclasses

8-9-2021	Lunch concert Willem Twee Toonzaal x Fresh from the Oven	16-1-2022	AMPA meets De Kring X Dido & Aeneas (canceled)

 3-7-2022 Brass 'n Woods

Side projects

November Music: Student ensemble fc Jongbloed performed works by Saariaho, a string quartet of AMPA was part of So you think you can write a Strijkkwartet with the Ragazze Quartet, vocal students had a masterclass with Juliet Fraser and students visited selected concerts.

Dido and Aeneas: Our vocal class performed one of the most famous Opera by Purcell: Dido and Aeneas. They worked with director Sybrand van de Werff and collaborated with a student chamber music ensemble.

Ragazze project: Nine string ensembles worked together with members of the Ragazze Quartet. With (online) masterclasses both in smaller and larger groups, students were challenged to think out of the box concerning their chamber music performances.

Coming years

We have already some projects and collaborations coming up for next years. Hereby a glimpse:

- Opera project AMPA voice and performance
- Opera op Zak
- New European Ensemble
- Haydn Project
- Murray State University
- Project Requiem, opus 37 Micha Hamel
- Fresh from the Oven Festival
- Anna Meredith

We continue with hosting three project weeks. We want to intensify working together with higher academies at FHK. We already had some great collaborations and want to expand this even more in coming years.
